Places are emotional like art, literature, dance, music. It causes the spirit to sing fine, silent songs of wonder.

Vision emboldened by audacity, guided by instincts, inspired by beauty, backed by unending commitment.

A Private Bespoke Estate - Washington, D.C.

Located fifteen minutes northwest from the heart of Washington, D.C.

IMAGODEI exists to elevate the ordinary into the extraordinary, honoring the sacred signature within. Through uncompromising narrative and intentional investment, it translates depth into value and meaning into legacy.

The greatest value is often concealed, like a gem waiting to be unearthed. IMAGODEI is a purpose-built sanctuary designed to help guests uncover meaning, depth, and enduring worth.

In a world of noise, it is rare for people to truly understand who you are, or what your work genuinely represents. We created a space where an evening becomes more than an event; it becomes a faithful transmission of your inner world and treasures. Like placing the Mona Lisa at the center of a museum, properly framed and illuminated, your story is given the reverence it deserves.

An evening at IMAGODEI is a world-class exhibition of your sacred portrait, curated for those who believe in your narrative and who are called to stand within it. It gathers true believers, strengthens your personal tribe, and deepens alignment.

Access is by private inquiry only.

The Estate Journey

Uncompromising

Bespoke Events

Twelve Spaces,
Twelve Movements.

The Grand Floor

Classical Inspiration.

1.

Courtyard

Through discreet gates, the castle-inspired estate is unveiled, leading into a spacious motor court and a formal entrance framed by Italian cypress.
